CAREER OBJECTIVE

UI/UX Designer experienced in turning user research into wireframes, prototypes, and high-fidelity web and mobile interfaces, with strong design-system and responsive design skills. Integrates AI tools (Claude, ChatGPT, Figma AI) to speed up ideation and prototyping while keeping design decisions human-led. Also delivers production-ready Wix and Webflow websites.

EXPERIENCE

UI/UX Designer, Neeramoy Digital Service Ltd.

Jun 2026 – Oct 2026

- Design intuitive, accessible web and mobile interfaces from user flows to high-fidelity Figma prototypes, maintaining a consistent shared design system and using AI tools (Claude, ChatGPT, Figma AI) to speed up ideation, refined with human judgment, while collaborating cross-functionally to turn business and user needs into usable layouts.

Full Stack Software Development Intern, O'Dell Tech

Mar 2026 – May 2026

- Led UI/UX design for the development team, creating intuitive, user-friendly web application interfaces and converting designs into responsive, accessible implementations while collaborating closely with developers to ensure accuracy and design quality.

Data Analyst (Intern), Center for Career Development (CCD), Green University of Bangladesh

Jul 2025 – Mar 2026

- Gathered, analyzed, and maintained course curriculum data and academic databases, ensuring accurate, up-to-date records and improving consistency and accessibility, while collaborating with faculty and staff to streamline curriculum management and support data-driven decisions.

Freelance – Wix Design and Development

2022 – 2024

- Designed, built, and launched responsive, brand-consistent Wix websites for freelance clients, managing each project end to end from requirements and wireframes to a production-ready site, with user-centered layout, navigation, and visual branding.

SELECTED UI/UX PROJECTS

Healthcare Mobile App UI/UX Design behance.net/gallery/256304169

- Designed a modern healthcare mobile app in Figma covering doctor discovery, specialty browsing, consultation booking, doctor profiles, location selection, and an AI health assistant.
- Built clean navigation and user flows with accessibility and a consistent healthcare-focused visual system in mind.

Healthcare Website UI/UX (DRSheba) figma.com/make/OFnry4uD9KGKLMu95b7Cv3

- Designed a modern, accessibility-focused healthcare website interface with structured layouts and intuitive navigation, using patient-friendly components to improve engagement and usability.

NOVA Bank App – UI/UX Design behance.net/gallery/256674557

- Designed a premium mobile banking app for a modern Bangladeshi commercial bank, focusing on trust, security, simplicity, and human-centered digital convenience.

NOVA Bank – Admin Dashboard UI/UX figma.com/proto/DrAbTFlBenf7Pg7tutvbHg

- Designed a comprehensive enterprise banking admin dashboard that gives NOVA Bank's internal teams a centralized platform for managing customers, accounts, transactions, cards, KYC, and operations.

EDUCATION

B.Sc. in Computer Science & Engineering

2022 – 2026

Green University of Bangladesh, Dhaka
